according to applicable international and national government regulations.If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined  
to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the  
present and future threat to human health and the environment; OR; if I am a small quantity generator, I have made a good faith effort to minimize my waste  
generation and select the best waste management method that is available to me and that I can afford.
